TRYING TO BUY UTAH BONANZAS

Charles Sweeny Reported After Silver King and Daly-West.

NO LOCAL CONFIRMATION

STRIKE IN THE J. I. C .- COL-BURN ON GOLDFIELD.

According to a report from Ne York, another effort is being made buy the Silver King mine. This tim the story has it that the Daly-We also is to be purchased. No confirmation could be obtained yesterday. Tw directors in each company declare they knew of no such negotiations, bu it was stated that David Kelth of th Silver King company and Gener Manager J. E. Bamberger of the Daly West are now in New York and the advances might have been made t them. The prospective purchaser is said to be Charles Sweeny, the Coeu d'Alene operator, whose home is i Spokane. The dispatch from New Yor is as follows:

Spokane. The disparent is as follows:
"It is reliably reported that Charle "It is reliably reported to buy the Signature of the state o "It is reliably reported that Charle Sweeny is negotiating to buy the Sil ver King and the Daly-West lea mines in Utah for his Federal Minia company. For this purpose and the acquiring of other properties the capital of the Federal Mining company will be increased to \$50,000,000.

"This move will put the Federal company in a position to control the lea market, as it will have 70 per cent of the lead output of the United States."

market, as it will have 70 per cent of the lead output of the United States Negotiations have progressed to suc a point that W. Clayton Miller was sen to examine the Utah properties, an Charles Hussey, from Finch & Campbell's office, accompanied him to go ove the books of these companies to verif the statements as to the business here

tofore done.

"The Silver King is the biggest lead mine in the United States, having paid last year \$1,300,000 in dividends. The preferred stock of the Federal Mining company is marketable in New York at \$90, this price carrying a share of common stock with each share of preferred."

senator Thomas Kearns of the Silver King company said last evening:
"Nothing has been said to me about the matter. Mr. Keith is now in New York, and I do not know what advances may have been made to him. but I think he would have informed me if there were any. We have been asked frequently to put a price on the property, but have not paid much attention to the matter because we don't care about selling. I do not believe there is anything in the story from New York, although I cannot deny it absolutely without hearing from Mr. absolutely without hearing from Mr.

lice President J. D. Wood of the Daly-West said:
"I have heard nothing of it and beHeve I would if anything of the kind

W. S. McCornick, who is a director in both companies declared;
"I know nothing of a deal for either
the Silver King or the Daly-West."

DEVELOPMENT AT BLACKBIRD. Drift on 300 Level Now Out Seventy Feet in Solid Ore.

M. J. True, manager of the Blackbird company's properties in Copper gulch, Beaver county, returned from a trip to the mine yesterday morning. He reports that the showing of ore on the 380-foot level of the shaft sunk on the company's New Year claim, continues to grow bigger and better all the time. When the vein was tapped on that level it was cross-cut for twenty-five foot. Then drifting was companied feet. Then drifting was commenced through the ore body. When Manager True left camp the drift had been extended for seventy feet through ore identical with that found in the Cactus, one corner of which the New Year

Manager True says, bowever, that the Cactus vein and that found in the New Year claim of the Biackbird com-pany are not identical—they are paral-lel ledges—though there is no reason to doubt that his company has the Cactus vein in the claim just west of the Cactus and paralleling the New Year on the south. Mr. True is pleased with the showing now being made in the Black-bird property, and has on exhibition at his offices some samples of the ore now his offices some samples of the ore not being driven through.

BACK FROM GOLD FIELD.

R. L. Colburn Comes Home For Holidays and Praises Camp.

R. L. Colburn, formerly a member of the Salt Lake Stock & Mining ex-change, reached the city yesterday from Goldfield, near Tonopah, to spend the holidays. With Messrs. Williams and Marcus, he is engaged in developing the Curly George group of claims. Work has barely been started, but the disclosures have been encouraging. At a depth of thirty feet a cross-cut has been run and a ledge carrying good values in free gold encountered ten feet

from the shaft.

Mr. Colburn thinks well of the district. The Curly George is next to the Jumbo, which is developing a five-foot ledge from which assays of \$63 and upward have been taken. The Combination, at a depth of less than 100 feet, is taking out \$150 gold ore and sacking it for shipment. Other development is going on with encouraging results. Among the men working in the region is "Diamondfield Jack" Davis, who is is "Diamondfield Jack" Davis, who is helping open up the Daisy group. Work is being prosecuted on a fourteen-foo \$12.83 in gold on the surface.

ORE IN THE J. I. C.

Vein Is Broken Into on the 600-Foot

Level.

Ore has been struck on the 600-foot levof the J. I. C. at Park City. While eveln has not yet been explored to y degree, assays of samples show it cent copper, 25 ounces of silver and in gold. or about \$50 a ton. The sirike was made while cutting the tion. When the report came from the le yesterday a face of ore was exed and preparations were being made tollow it up as soon as possible. The ion pump has been installed, and e sinking is resumed, the vein just led up will be drifted on to deternife extent.

equally remantic in the story of South

In spite of the marvelous harvest vielded by these South African diamond companies, it is stated that fully a fourth of the stones found never come into the companies' possession at all, but in spite of the utmost care and the most exhaustive searching of the natives, are stolen. This leakage does not appear to be due to any want of generosity in treating the natives, for a bonus of 7½ per cent of the value of the stones discovered is offered to the finders.

Some of the very finest diamonds the mines have ever produced have been recovered from "boys" who have stolen them. Fifteen years ago a native working in the De Beers mine discovered a magnificent diamond, which proved too much for his honesty, for he forthwith annexed it. It was recovered, however, a few hours later by a detective and was found to be an absolutely flawless stone of rare beauty, weighing more than three ounces and measuring, in its greatest length, nearly two inches. A stone of more than twice this weight was discovered a few years ago at Jagersfontein by a native, who promptly handed it over to the authorities and was rewarded for his honesty by a present of a hundred sovereigns and a horse cart. This superb stone, one of the largest in the world, weighed in the rough six and one-half ounces and measured almost exactly three inches across its major axis.

The most dramatic feature of this discovery was that the stone was found on the very day on which the contract of the syndicate whose property it became expired. Some of the very finest diamonds the

came expired.

An Interpolation. (New York Times.)

Friends of George W. Aldridge, Relaughing over a joke played on him by a member of an "Uncle Tom's Cabin company in Rochester recently. Mr. Aldridge and his party, tucked away behind the curtains of the lower box, were congratulating themselves on being strictly incog. It was Mr. Aldridge's desire to enjoy the old-time show and renew his youth in the sunny smile of Little Eva and the brutal devilled.

iltry of Simon Legree.

When the whipping scene was in progress Simon made the customary pause with his upraised whip before he hoarsely hissed between his clinched

"Didn't I buy your old black carcass? Don't I own every drop of blood in your body? Don't I own you, body and

"Yas, massa," moaned Uncle Tom

"Yas, massa," moaned Uncle Tom, casting an amused glance at the lower box. "Youse own dis poor old body an' ebery drap of blood in it. But, massa, youse doan own dis soul. George Aldridge owns man soul."

The audience took to the interpolation and called so persistently for the "boss" to appear that he was forced to retreat from the house in confusion.

Revolutions to Order. (Boston Post.)

(Boston Post.)

"The recent 'twenty-minute' revolution in Panama," said an American lady who has just returned from a visit to the isthmus, "reminds me of an uprising I witnessed there one morning while we were at breakfast.

"We were at Colon. One day we had hardly taken our seats at a table when I beard a tranning of feet and men

I heard a tramping of feet and men shouting in the street. I hastened to the window and saw a half dozen barefooted and bareheaded men in greasy, ragged shirts running toward the plaza.

"What is the matter?" I asked in great alarm of our host, Raimundo Ga-briele Cabreza y Guiterrez. "He hurriedly came to the window and looked at the band of ragamuffins

There is a great influx of men from the mining camps to spend the holidays in Salt Lake.

The Star Con. received a check for \$7.600 and over yesterday for a shipment of ore that averaged \$101 in gold and \$4.5 ounces in silver to the ton.

SOUTH AFRICAN TOTALS.

A Song of the Times.

Dream of Avarice.

(London Tid-Bits.)

The recent important discoveries of diamonds in South Africa draw attention to an industry more full of romance even than that of gold mining: for the story of South African diamond discoveries of the control of the contro

we answer ler de roll call in the mawnin'.

We gethers up wid all de tho'n's
De times ain' lak dey use ter be,
But still, along de way.
De roses er de May:
En de heart is always singin'
Of a happy holiday
W'en we answer ter de roll call in the
mawnin'!

GARDNER DAILY STORE NEWS

CHRISTMAS TOMORROW

So all your buying of presents must be done today.

Everything you will need for the Men Folks will be found in abundance in this store, for we have overshadowed all previous Holiday seasons in the showing of useful and sensible presents for Men.

THE TIES.

More ties given as Xmas presents than anything else, and we believe our stock this year will meet

your every requirement, for we have every fashionable shape in all varieties of the very latest patterns. Ties from 25c to \$2.50.

THE GLOVES

Come in for a deal of attention in the buying of presents, and there is every conceivable kind here. Gloves from 25c to \$6.00.

THE HOUSE COATS

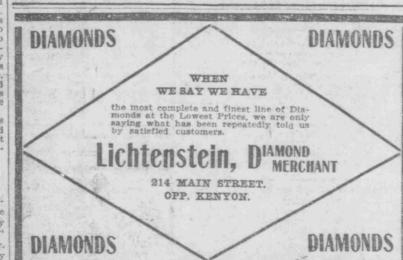

Hold a most important place in the list of Presents. Every man would like to own one, but would seldom think of buying one for himself; so it's up to the Ladies to remember the House Coat at Xmas time. We have them from \$5.00 to \$18.00.

Bath Robes, Fancy Suspenders, Umbrellas, Canes, Dressing Cases, Handkerchiefs and Mufflers all make good presents.

STORE WILL BE OPEN THIS EVENING.
